

O our Lord, You who created the earth and the highest heavens, You who know what is hidden and what is yet more concealed, You who possess the Most Beautiful Names, You who have given everything its form and then guided it

O Allah, send Your peace and blessings upon our Prophet Muhammad and upon those who follow his guidance and path.

O Allah, we seek refuge in You from the evil within ourselves, from the evil of others, and from the evil of what You have created, O our Lord.

O Allah, we seek refuge in You from the harm of those who crawl on their bellies, from the harm of those who walk on two legs, and from the harm of those who walk on four.

O Allah, Lord of souls and breaths, O Allah, protect us and our families from the harm of jinn and mankind, and make us among those who have no fear nor shall they grieve.

O Allah, guard us from all directions, protect us outwardly and inwardly, keep us safe from one another and from all harm, and place a barrier between us and those who seek to harm us.

O Allah, we ask You for Your protection, which cannot be shaken by the winds nor pierced by spears. O Allah, protect us and protect our lands.

O Allah, extinguish every fire that threatens us, extinguish every fire that threatens us, turn away from us all evil, shield us with Your covering, and grant us the blessings of stability and security. Watch over us, O Allah, day and night, O Mighty, O Compeller.

O Allah, preserve us in our homes, our mosques, our markets, our roads, and in all our affairs.

O Allah, relieve us and the Muslims from every distress, and do not burden us or them with what we cannot bear.

O Allah, we ask You for the best of the morning and evening, and for the best of all decrees. And we seek refuge in You from the evil of the morning and evening and the evil of all decrees.

O Allah, grant us more goodness than we even hope for, and turn away from us all harm.

O Allah, we seek refuge in You from being led astray or leading others astray, from slipping or causing others to slip, from wrongdoing or being wronged, from acting ignorantly or having ignorance inflicted upon us, and from committing sins that are not forgiven.

O Allah, make us and our youth love obedience and commitment to the congregation. Keep us away from all trials, innovations, and misguidance. Protect us from the deceptive years, protect us from the deceptive years.

O Allah, grant us deep understanding of Islam, make us spread peace, and let us be callers to goodness, sincere advisors to others through our character, actions, and pure intentions.

O Allah, forgive us all on this blessed night. Accept the repentance of those who have sinned among us and grant them the company of the righteous. Encompass our deceased and the deceased of all Muslims with Your mercy. Heal our sick and the sick of all Muslims, O Lord of the worlds.

O Allah, O Lord of Muhammad ﷺ, O Lord of Muhammad ﷺ, make the faces of those present here, men and women, forbidden to the fire.

O Allah, protect from the fire all who have come to us from near or far, all who have seen us, all who have said Ameen to our supplication, all who have loved us and forgiven us, all who wished us well and hoped to stand beside us. By Your mercy, O Most Merciful of the merciful.

O Allah, grant us all Your love, Your Paradise, the vision of Your noble face, and the companionship of Your Prophet.
