

O Allah, all praise belongs to You for creating us.

All praise belongs to You for providing for us.

All praise belongs to You for guiding us.

All praise belongs to You for relieving our hardships.

O Allah, send Your peace and blessings upon our Prophet Muhammad and his family.

O Allah, make us love to listen and obey, to stay united with the community, and keep us far from every trial, innovation, and misguidance.

O Allah, make all of our deeds righteous and sincerely for Your sake alone. Do not let us live for people's praise or be broken by their criticism.

O Allah, Your love for us is enough for us. Your gentleness with us enriches us. Do not let people's words harm us or distract us.

O Allah, bless us with kind speech, spreading **السلام**, feeding others, and remembering You constantly, O Lord of Majesty and Honor.

O Allah, grant us righteousness in our hearts, light on our faces, understanding of our religion, increase in knowledge and life, strength in certainty, sufficiency in provision, well-

being in this world and the next, and acceptance among the people of the heavens and the earth.

O Allah, make us among those who are busy fixing their own faults instead of looking at the faults of others. Make us among those who, when they see good, they celebrate it and spread it — and when they see wrong, they cover it and bury it.

O Allah, make us respectful to the elders, merciful to the young, and supportive of the poor and needy.

O Allah, make us among the best in honoring our parents, the most gentle with our spouses and children, and make us love serving people without showing off or reminding them of favors.

Our Lord, how gentle You are with us. You made our physical form beautiful — so beautify our character. Make us people who preserve loyalty, fulfill promises, and never break our word.

O Allah, reward goodness with goodness in our lives, and protect us from being repaid evil with evil.

Make us among the most merciful to people so that we may earn the honor of Your mercy. Help us overlook the mistakes of others so that You may overlook ours.

Our Lord, we were told that the best people are those with pure hearts and truthful tongues — those who are righteous, clean inside, free from sin, oppression, and envy. O Most Generous, grant us from Your great favor.

O Allah, Your Prophet ﷺ told us that the Fire is forbidden for the one who is gentle, easygoing, kind, and close to people.

O Allah, among Your servants are those who are gentle, soft-hearted, easy to deal with, loving, forgiving, cheerful, not harsh, making things easy not difficult, close to people not distant.

O Allah, fill the earth with such people.

Do not deprive us of loving them, being close to them, seeing them, sitting with them, following their example, and being in their company.

And honor us with the same qualities by Your mercy, O Most Merciful.
